

**RECENTLY VOUCHERED NEW SPECIES FOR THE
ROTORUA ECOLOGICAL DISTRICT**

John F.F. Hobbs

* = Naturalised (some populations occurring on Department of Conservation land and Rotorua District Council Reserves are under active weed control measures).

* *Abelia* × *grandifolia* Caprifoliaceae glossy abelia NZFRI 28775

Collected from Rotoma Scenic Reserve near Oxford Road, Rotoma. Probably a long-lived garden discard.

* *Alstroemeria aurea* Alstroemeriaceae Peruvian lily NZFRI 29117

Collected from Blomfield Street Gully Recreation Reserve, Rotorua. Highly likely spreading from garden discard.

* *Bromus hordeaceus* Poaceae soft brome NZFRI 28690

Collected from parking area at the junction of Tarawera and Okareka Loop Roads at Lake Tikitapu.

* *Chelidonium majus* Papaveraceae greater celandine NZFRI 29114

Collected from near Edmund Road, between Michael Place and Alison Street, Rotorua, on a patch of rough ground.

* *Claytonia sibirica* Portulacaceae Siberian miner's-lettuce NZFRI 28689

Collected from the Lake Okareka Scenic Reserve near the gate to Crater Lake Farm.

* *Crinum moorei* Amaryllidaceae Natal lily NZFRI 28702

Several plants growing beside what appears to be the old main road through the southern part of Rotoiti Scenic Reserve south of the present SH 30. Probably arising from garden discards.

* *Eomecon chionantha* Papaveraceae snow poppy NZFRI 29107

Collected from the Orion Street Drainage Reserve, Rotorua, where there are seedlings and flowering plants.

- * *Fraxinus ornus* Oleaceae manna ash NZFRI 28688
 Three small trees growing out from under native shrubs on eastern shore of Lake Okareka. Since poisoned.
- Hymenophyllum atrovirens* Hymenophyllaceae filmy fern NZFRI 29125
 Collected from the Umurua Scenic Reserve, Mamaku Plateau, where there is quite a large population growing on rocks below the falls. This species was wrongly attributed to the Rotorua ED in Beadel et al. (2009). (AK 264918 was from the Mangorewa River in the Otanewainuku ED).
- * *Hypericum henryi* Hypericaceae Hooker's hypericum NZFRI 29118
 Collected from the bank of the Mangakakahi Stream in Linton Park East
- * *Narcissus pseudonarcissus* Amaryllidaceae daffodil NZFRI 28909
 Collected from Galaxy Road North growing on roadside berm, probably garden discards.
- * *Persicaria campanulata* Polygonaceae lesser knotweed NZFRI 28776
 Collected from between Arahiwi Road and the railway line just west of Mamaku township.
- Senecio hispidulus* Asteraceae fireweed NZFRI 28349
 Several plants found growing on a small beach on the eastern side of Lake Rotoma.
- Senecio quadridentatus* Asteraceae fireweed NZFRI 28994
 On dry exposed bank above the southern shore of Lake Okataina.
- * *Urtica dioica* subsp. *dioica* Urticaceae perennial nettle NZFRI 29113
 Collected from a Rotorua District Council Recreation Reserve between Edmund Road and Jade Place.
- * *Cyperus congestus* Cyperaceae purple umbrella sedge NZFRI 28388
 Collected from the old Te Puakanga Road through the Hinehopu Scenic Reserve.

* *Vicia tetrasperma* Fabaceae smooth tare NZFRI 28691
Collected from the roadside along the eastern side of Lake Tikitapu.
